

West Village | ADDITION TO WESTWYNDE
PRAIRIE DU SAC, WISCONSIN

The Sauk Prairie area is noted for its top rated health care facilities, scenic riverway, and small town charm. With breathtaking natural amenities and outstanding schools, the Sauk Prairie Community is a great place to live!

Nestled on the northwest side of town, West Village is a deed-restricted, architecturally controlled neighborhood.

As the fifth and final phase of Westwynde, West Village boasts once-in-a-lifetime home sites. Enjoy the serenity of a private back yard, or the spectacular panoramic view of the rolling prairie and majestic bluffs, with all of the conveniences of living in town. The natural lay of the land allows for many of these home sites to have full walk out back yards.

West Village is conveniently located near schools, parks, and recreational opportunities. With neighboring walking and bike paths and the "Moely Sand Prairie" (a 24-acre managed conservation easement), West Village is truly one of a kind!
